

Profile Summary

Results-driven Computer Science Engineering undergraduate at Sharda University with hands-on experience in full-stack web development using **React.js**, **Node.js**, **Express.js**, **MySQL**, and **MongoDB**. Proficient in **Java**, **Python**, and **C**, with a strong foundation in **Data Structures & Algorithms**, **OOPs**, and RESTful API development. Passionate about building scalable applications and solving real-world problems through software engineering. Seeking opportunities to leverage technical expertise, collaborate with cross-functional teams, and contribute to impactful software development projects.

Skills

- **Programming Languages:** C, Python, Java, SQL
- **Web Technologies:** React.js, Tailwind CSS, HTML5, CSS3, JavaScript
- **Backend Development:** Node.js, Express.js, RESTful APIs, MySQL, MongoDB
- **Tools & Platforms:** Git, GitHub, VSCode, Docker, MS Excel, IntelliJ IDEA.
- **Interpersonal Skills:** Adaptability, Leadership, Problem-Solving, Time Management, Teamwork

Internships

Web Development Intern – GAO Tek Inc.

May 2026 - July 2026

- Built and enhanced reusable UI components using React.js, resulting in improved application scalability and maintainability
- Collaborated with team members to troubleshoot UI issues, implement design improvements, and enhance website usability based on project requirements.

Technical Training

Full Stack Developer Bootcamp – Sharda University

May 2025 – June 2025

- Completed hands-on training in React.js, HTML, CSS, JavaScript, MySQL and MongoDB.
- Developed full-stack projects featuring responsive UI design, API integration, and database management.

Projects

SupplySetu - Vendors and Suppliers Connecting App

Jan 2025 - May 2025

HTML, JavaScript, Vite, REST API Integration

- Designed role-based interfaces for vendors and suppliers, streamlining procurement workflows and reducing manual communication overhead.
- Implemented real-time data updates for inventory and order status, improving operational transparency between parties.

Uni Cafes - Hassle-free campus dining

Nov 2025 - Present

YOLOv8, Tailwind CSS, HTML, React.js Vercel

- Built a responsive, mobile-first campus food ordering web application enabling students to browse menus, place orders, and track them in real time.
- Integrated YOLOv8-based crowd detection to analyze cafeteria crowd levels and support smarter food ordering decisions during peak hours.

Weather Forecasting Web Application

March 2024 - May 2024

HTML, CSS, JS, React.js OpenWeatherMap API

- Enabled multi-city search with interactive Chart.js visualizations for detailed forecasts, enhancing data readability for end users.
- Achieved fully responsive design compatible across mobile and desktop browsers with an intuitive, user-friendly interface.

Certifications

Sustainable Development	NPTEL	2026
Java Fundamentals	Oracle Academy	2025
Web Development Bootcamp	Udemy	2024

Education

Bachelor of Technology in Computer Science & Engineering

8.2 CGPA

2023 – Present

Sharda University, Gr. Noida
